

## Negotiators Ask Fast Drafting Of Alliance

### U.S. To Offer Europe Strong Support

Washington, Feb. 19.—(AP)—Prompt drafting of an Atlantic security treaty—assuring western Europe of real American military support—was made the goal of negotiators today.

In an atmosphere of optimism, they met with Secretary of State Acheson and scheduled a series of conferences designed to produce the finished document.

A changed outlook among treaty supporters appeared to stem from yesterday's lengthy closed door session between Acheson and the Senate foreign relations committee.

It was understood that Acheson made clear to the ambassadors that in his opinion excellent progress had been made in the committee session toward general acceptance of a treaty draft which should give the Europeans a far greater sense of security and confidence of American backing.

There were indications at the capital that at least some of the leading members of the Senate foreign relations committee such as Senator Vandenberg (R-Mich.) also felt that satisfactory progress was being made on the treaty terms.

It seemed increasingly likely, although so far it is by no means certain, that the draft finally agreed upon will make some reference to the possibility of American "military action" against any nation which might attack any member of the security system.

That is the kind of reassurance which the Europeans would like, barring any automatic American commitment to go to war which officials say would be unconstitutional.

Negotiation is under way among the U.S., Canada, Britain, France, Belgium, Holland and Luxembourg.

As the group of ambassadors left Acheson's office, Sir Oliver Franks, the British envoy told reporters, "we had an informal meeting with the secretary and reviewed the position and laid down a program of meetings of a more formal character, of which the first will take place in the middle of next week." Franks would not elaborate on this terse statement.

At the moment, there is a much greater feeling of optimism about the treaty among its proponents and supporters. They feel that as a result of yesterday's Acheson-Senate meeting, prospects for a strong and effective European-American security system have been greatly brightened.

## Norway's Labor Party Would Join Atlantic Alliance

Oslo, Norway, Feb. 19.—(AP)—Norway's Labor party gave its government the go-ahead signal tonight to join the Atlantic alliance talks.

The vote, taken at a convention, was 330 to 35.

That removes the next to last obstacle to Norway's formal acceptance of an invitation to join the western powers now working to formulate the defense pact.

All that remains is for parliament to approve the political line drafted by Foreign Minister Halvard M. Lange. That is due to happen some time next week. All parties in the 150-seat parliament except the Communist (11 seats) are strongly backing Lange's policy.

Lange has discussed the Atlantic pact terms with top American and British leaders, including U. S. Secretary of State Acheson and British Foreign Secretary Bevin.

The alliance is proposed to link defenses of western Europe, the United States and Canada.

## Killed On Route To Give Blood For Ailing Wife

Chicago, Feb. 19.—(AP)—A police officer enroute to a hospital to give blood for his critically ill wife was killed today when his automobile collided with a streetcar.

The dead man was Patrolman Thomas M. Gallagher, 25, (3916 Monroe street) a former army sergeant. Police of the accident investigating unit said Gallagher, driving on the wrong side of the street, crashed into a Madison street car near Springfield avenue.

Passengers on the streetcar were shaken but none were injured.

## Air Force Discloses New 'Delta' Jet Plane

Washington, Feb. 19.—(AP)—The air force disclosed today a new jet-powered research plane with a triangular wing—the first of its kind to fly.

The wings sweep back and then form a straight line across the rear of the plane. Together they make an equilateral triangle called delta, for the triangular Greek letter.

The plane is the Consolidated Vultee Model 7002, designed for speeds in the high subsonic range at altitudes above 40,000 feet. Subsonic means slower than sound, which at such altitudes travels around 680 miles an hour.

The plane originally was built as a flying model to test the wing shape in a plan for development of a fast interceptor fighter. This was to be the XF-92 with both jet engine and rocket motors.

The air force said it has discontinued the XF-92 project, but will carry on research with the 7002. It is undergoing flight tests at Muroc, Calif., airbase. Its powerplant is an Allison J-33 turbo-jet rated up to 5,200 pounds thrust under emergency conditions.

The 7002 has a wing span of about 31 feet, is 41 feet long and 18 feet high. Its designed gross weight is 13,000 pounds. It was built to carry only a pilot.

As a research plane, the 7002 simply is a flying test laboratory equipped with instruments recording flying characteristics such as pressure distribution and other scientific data.

The plane "is being used to explore and test the stability and control characteristics of the delta wing," the air force said.

One of the expected advantages of the delta wing is the prospect of building it stronger for its thickness than is possible in an ordinary sweptback wing.

Declaring the situation "utterly desperate and intolerable," former City Solicitor Joseph Sharfstein got a show cause order against the strike-bound Philadelphia Transportation Company.

This directs the PTC to show why the state court should not appoint three temporary PTC receivers to conduct "unhindered" negotiations and end the strike immediately. It won't be argued until Tuesday.

The strike of 11,000 CIO transport union workers went into its second week with company and union still six cents apart on wage negotiations.

All subway, trolley and bus facilities normally carrying 3,500,000 passengers daily remained idle. PTC has made no effort to operate.

## Hungarian Bishops Reserve Decision On Cardinal Letter

Budapest, Hungary, Feb. 19.—(AP)—Usually well informed sources said today Hungary's Roman Catholic bishops have considered and reserved decision on a letter from the imprisoned Josef Cardinal Mindszenty urging "an agreement" with the communist-led government.

(The Vatican has declined to negotiate church-state differences with Hungary's government until it frees Cardinal Mindszenty and guarantees church freedom. An informed Vatican source, commenting on the Budapest report, said the holy see stood upon that position.)

Members of so-called "Progressive Catholic Circles," which have not been so bitter in their opposition to government measures, told of the purported development.

They said the cardinal wrote the letter after he was sentenced Feb. 8 to life imprisonment. They said he urged the bishops "to come to an agreement with the government."

They said he added that he would work in the interests of such a compromise if he were among them.

Cardinal Mindszenty's appeal from a conviction on charges of treason, espionage and black market money dealings is still pending.

## STUDY IN CONTRASTS

Pittsfield, Mass., Feb. 19.—(AP)—A record high temperature of 59 today produced this winter scene: Shirt-sleeved golfers at the Country club and several hundred yards away, skiers, also shirt-sleeved sliding down the skimpily snowclad slopes.

Washington, Feb. 19.—(AP)—House leaders found a tophole in a new rule today which may let them block consideration of a multi-million dollar pension bill which the administration opposes.

The bill would give veterans of the two world wars pensions of \$90 a month at the age of 65. Some estimates put the peak cost as high as \$6,000,000,000 a year.

President Truman's legislative lieutenants are somewhat doubtful about the outcome if the proposal ever reaches a roll-call. All congressmen have a lot of veteran constituents, and might hesitate to go on record by name against granting them additional benefits.

Chairman Rankin (D-Miss.) who ramrodded the bill through the veterans committee announced today he is going to bring it to the floor for a vote "at the earliest possible moment."

One-half of our foreign population has resided in the United States 20 years or more.

## Economic Council Divided On Need Of Strong Controls

Washington, Feb. 19.—(AP)—The president's council of economic advisers is divided, both on the need for strong anti-inflation controls and on whether the council should take a public stand on legislation.

John D. Clark, one of the three members, told the congressional joint economic committee this week that "direct action against price increases is necessary." Vice Chairman Leon Keyserling also supported price-wage controls.

But Chairman Edwin G. Nourse, who is known to have opposed drastic new control powers when President Truman's anti-inflation program was being drawn in December, did not appear on Capitol Hill for testimony.

White House officials said privately today that Nourse has not changed his views. He so indicated yesterday when, after seeing Mr. Truman, he told reporters that the continued price decline is a "healthy disinflation," that there are strong supporting factors; and that it now is important to avoid a state of business "jitters."

The council's 2-to-1 split reflects the capital's general uncertainty over the price outlook, as well as a widespread view that this spring will see a strengthening both of business activity and employment.

Nourse's decision not to testify on controls, however, was said to stem from his belief—one not shared by Keyserling or Clark—that the council should remain in the background as a professional adviser on economics to the president, leaving Mr. Truman free to adapt its findings as he sees fit.

Nourse, it was learned, wrote letters explaining his stand to members of the joint economic committee headed by Senator O'Mahoney (D-Wyo.), but did not try to prevent the appearances of Keyserling and Clark. Nourse now is keeping speaking dates on the Pacific coast.

## Chiang Is Active In China's Peace Or War Discussion

Nanking, Feb. 19.—(AP)—The "retired" Generalissimo Chiang Kai-shek was reported today to be throwing his weight back into the middle affairs of the Chinese government.

The issue of peace or continued Civil War—already complicated by rivalry between the government's Nanking and Canton factions—was thus further confused.

The militarily ascendant communists, having laid down terms that would amount to total surrender by the government, were keeping mum.

"When Chiang left the presidential office Jan. 21," said an official source in Nanking today, "he had a genuine intention to separate himself completely from the government; and let acting President Li Tsung-jen have a full chance to work out peace with the communists."

But as the days go past without definite developments, Chiang is listening more and more to those within the government who are telling him the only hope for a United China is his return to power."

## Expect Cold Wave To Check Flooding Of Nebraska Area

By The Associated Press  
New snow and cold hit the western mountains plains states Saturday and flooding developed in southeastern Nebraska.

The cold wave spread south and east, and was expected to check melting snow and ice which overspread some 15,000 acres of Nebraska farmlands with water from the Nemaha river, Muddy creek and Pony creek.

The weather bureau said the Missouri was near bankfull from Rulo, Neb., to St. Joseph, Mo., and likely to spill over in that area.

The new chill brought sub-zero temperatures from eastern Montana across North Dakota to northern Minnesota, with Cut Bank, Mont., near the Canadian border registering 25 below zero.

It spread into the central plains, upper Mississippi valley and Great Lakes regions in modified form, dispersing mild weather of the past two days or more.

Light snow fell from central Idaho eastward through Montana, northern Wyoming, the Dakotas, northwestern Nebraska and northern Minnesota.

## POSTMASTER DIES

Grayville, Ill., Feb. 19.—(AP)—Paul L. Wells, 30, postmaster here for 13 years, died today at an Olney hospital where he had been a patient for two months. He was a veteran of World War I and past commander of the Grayville American Legion Post.

## Asks Congress Keep Reds Out Of Union

### '49 Railroaders Crowd Fame Of Casey Jones

Omaha, Feb. 19.—(AP)—Casey Jones, the railroad, had better move over.

The winter of 1948-49 is writing new railroad legend.

The legend will revolve around such incidents as the two stalled locomotives near O'Neill, Neb., which on December 29 that the locomotives, on snowplow duty, got stuck in an 18-foot drift.

They're still there.

On January 3 two of the Burlington's biggest engines rammed a snowplow into a 40-foot drift near Ashby, Neb., and disappeared.

In the next 96 hours they were dug out in what has come to be called the "Battle of Ashby Cut." People who fought it say it will become railroad legend fit to rank beside the saga of "Casey Jones."

January 18 a Union Pacific doubleheader snowplow smashed into a 14-drift near Stapleton, Neb. The plow crumpled off the icy face of the drift, buckled back and sheared off the sides of the two locomotives.

Eight hours later workers with acetylene torches finished cutting away the twisted mass of steel which entombed a trainman killed in the accident.

Incidents like these have made the blizzard of '49 the roughest, toughest yet.

## Butler Urges ECA To Buy U.S. Wheat When In Surplus

Washington, Feb. 19.—(AP)—Senator Butler (R-Neb.) urged the general accounting office today to rule out purchase of Canadian wheat by the Economic Cooperation Administration.

Butler wrote Lindsay Warren, comptroller general, that he thinks congress made it "pretty clear" that when there is any farm surplus at home the ECA should do its buying in this country.

If it doesn't the Nebraska senator said the Commodity Credit Corporation may have to "take over tremendous quantities of American wheat."

Saying that the ECA itself has estimated a 300,000,000 bushel carry-over next July 1, Butler said this can only be considered a surplus.

He quoted from the ECA law a provision that "the administrator shall authorize the procurement of such surplus agricultural commodity only within the United States."

## Has Hard Time Naming 9th Son

Pittsburgh, Feb. 19.—(AP)—Mrs. Merton Dietrich is stymied. She's her brain for a suitable name for her newly born brother of nine.

Albert, Robert, Hubert, Herbert, Wilbert and Gilbert Dietrich.

Her husband, International representative for the AFL-Teamsters union, is named Albert, and she wants all her sons to have similar names.

Every visitor to the Dietrich home is put to work thinking. There isn't much time. The boy will be baptized Sunday, Feb. 27. Mrs. Dietrich is ready to give up.

"I guess Filbert's the only one left," she says.

## Mining Head Testifies At Hearing

Washington, Feb. 19.—(AP)—A mining industry executive today asked Congress to help prevent Communism from further infiltrating into labor unions.

The appeal came from Hord L. Young, president of the American Mining Congress, who said he spoke from "bitter experience."

But Senator Pepper (D-Mia) said American workers "don't need the government to come in and help them get rid of Communists."

Only Common Sense  
Young told the Senate labor committee considering a law to replace the Taft-Hartley Labor Act, that his viewpoint is only common sense in view of the fact that this country is spending "billions of dollars" abroad to keep communism behind the iron curtain.

Young made his plea in denouncing what he termed the "Communist-dominated" CIO union of mine, mill and smelter workers.

After Young testified, Nathan P. Feinsinger, a member of the old War Labor Board, told the committee: "In no case that I know of x x x has the Taft-Hartley act served to improve relations between the parties gathered around the bargaining table."

Feinsinger, a professor of law at the University of Wisconsin, urged that the T-H measure be repealed. He called for re-enactment of the Wagner Act with certain additions.

Studying Truman Bill  
The committee is studying a Truman administration bill which would do those things, although the Wagner Act additions it contemplates are not quite the same as Feinsinger advocated.

Today's session produced these other developments:

1. George B. Christensen, Chicago labor relations attorney for industry clients, called the administration bill "a genuine slave labor law." He said that on the other hand those who term the Taft-Hartley act a slave labor law "have never been able to point out what section or paragraph enslaved anyone."

2. Donald Kirkpatrick, general counsel of the American Farm Bureau Federation, urged that the administration bill be amended to include the T-H section which gives the government the right to seek injunctions against strikes which imperil the national health or safety. He also asked for stronger provisions dealing with jurisdictional strikes and secondary boycotts.

Endorses Bargaining Provision  
3. Harry P. Jeffrey, secretary of the Foreman's League for Education and Association, endorsed the T-H law provision letting employers decide whether to bargain collectively with foremen.

Besides heading the mining congress, Young is president of the American Zinc, Lead and Smelting Co., of St. Louis, Mo.

He told the committee that his firm refused to recognize or bargain with the mine-mill-smelter union because its officers did not meet the T-H law's non-Communist affidavit requirements. That decision, Young added, touched off a strike at four of the company's plants.

The law says that unless union officers swear they are not Communists, their unions cannot use the National Labor Relations Board facilities.

Broaden Non-Red Provision  
In his prepared statement, Young recommended broadening the non-Communist provision to apply to management as well as union officers.

That later led to a brief flare-up, with Young and Senator Donnell (R-Mo.) on the one side and Senator Pepper on the other.

It started when Pepper suggested that employer representatives be required to sign affidavits designed to curb what Pepper called "management abuses." He cited "violence and brutality" and "tactics which reflect something very akin to fascism."

Donnell reminded Pepper that Young already had testified in favor of requiring employers to sign non-Communist affidavits.

G. H. SKINNER DIES  
Crystal Lake, Ill., Feb. 19.—(AP)—George H. Skinner, 91, owner and operator of Skinner Rides, merry-go-round operators, died last night. He is survived by two sons, William, of Hinkley, Ill., and Maurice, of Crystal Lake. Services will be held Monday.

## Bulgaria Reports Protestant Leader Admits Being Spy

Sofia, Bulgaria, Feb. 19.—(AP)—A purported confession by one of 15 Protestant leaders accused of treason, published here today, describes the group of spies for Britain and the United States.

Two Sofia newspapers quoted Vasil Zlapkov, one of the defendants, as testifying in a preliminary investigation:

"We betrayed our motherland, we revealed her secrets before enemies."

The newspapers said Zlapkov identified himself as holding a "most important and responsible" position in the High United Evangelical church council of Bulgaria.

"I was the link between the Anglo-Americans and the high council," they quoted him.

"I received espionage information from my colleagues and transmitted same."

(Western Protestant church have denounced the arrest of the churchmen as religious persecution. The World Council of Churches at Geneva protested that there was no basis for the charges, and that its representatives in Bulgaria only sought to help the people.)

## Some Wonder Who's On Trial After Trial Of Top U.S. Reds Passes Five Week Mark

By Joe Hall

New York, Feb. 19.—(AP)—Who's on trial?

That's the bewildered reaction of many laymen after five weeks of the trial of 11 top American communists.

The defense lawyers have been the prosecutors. The prosecutors have been the defendants—defending the method of picking federal jurors in New York.

When the trial began Jan. 17, the government hoped to show that the defendants, high command of the U.S. communist party, conspired to advocate the overthrow of the federal government.

But after 24 days of stormy court sessions, not a trial juror has been chosen. The government hasn't had one chance to call a witness, except to rebut the communists.

The side issue which has taken over the main stage is not a minor one.

If Federal Judge Harold R. Medina, presiding at the trial, should uphold the lawyers for the communist leaders on this issue, the government case could be thrown out of court.

That members of the grand jury which returned it were chosen in a discriminatory way.

They raised this issue on the second day of the trial. Medina, after pondering a while, agreed to hear testimony on it.

That testimony has taken up all of the trial within a trial so far, including some government rebuttal.

Scholarly, soft-spoken Judge Medina endlessly rocked in a big, red chair. As the days grew into weeks, he listened with growing impatience.

First the defense subpoenaed all of the grand jurors who indicted their clients. Then it began to call the 500-odd members of the January trial panel. While this was going on, the panel expired and a new February panel was chosen.

Medina commented that this could go on forever. So he shut off the flow of trial juror witnesses.

By questioning the jurors and potential jurors, the defense sought to prove its argument that the panel members came from the wealthier classes. The defense maintained poor persons, laborers, Negroes, Jews and some others were largely excluded.

did indicate that many were executives and persons of substantial income.

On its side, the prosecution elicited statements from each juror witness that he was not asked about his financial standing or property holdings when called for service.

The government also called the federal court jury clerk for this district. He testified that in picking potential jurors he never discriminated against anyone for reasons of race, color, creed, sex, or political, social or economic status.

The judge insists he has leaned over backward to give the defense a chance to make its points. When one of the lawyers declared communists were being persecuted in this country, Medina interposed sharply:

"There isn't going to be any guilt by association here. These defendants are going to be found guilty by the evidence before me or the case is going to be thrown out."

This week Medina told the defense it had not proved its charges against the jury system although he has made no formal ruling yet. And he bluntly reminded the defense lawyers:

"Some day somebody may read the record of this case and they'll see just how many times this sort of thing has gone on, and somebody may be brought to judgment."

## City Primary Tuesday Features 3 Contests On Republican Ticket

A contest for the office of mayor and two races for alderman, all with Republican casts, will feature the municipal primary election next Tuesday, Feb. 22. Republicans will choose between Ernest L. Hoagland, who is completing his second term as mayor, and A. E. Williamson former sheriff and county treasurer, who is seeking the office of mayor.

Mayor Hoagland, who is 42 years of age, served one term as alderman representing the fourth ward before he was elected Mayor. He is a vice president of the Illinois Municipal League and a member of that organization's executive council. He is a union printer by trade.

Mr. Williamson likewise has served in the city council. He was an alderman from 1919 to 1922. He is the present county chairman of the Republican central committee, and until recently was a state inheritance tax investigator.

Democratic party voters will nominate all their candidates without contest. John S. Wright, a member of the faculty at Illinois College, is Democratic candidate for mayor.

In the second ward Elmer E. McNeil and Benjamin H. Denney are opposing Republican candidates for alderman. Both are former members of the council.

An aldermanic race also is scheduled for the fourth ward where Robert A. Weaver, a present alderman, and C. H. Haneline are opposing candidates for Republican nomination.

The Republican party has no candidate for alderman in the first ward. In the third ward Ivan A. Ingram is the Republican candidate, unopposed for nomination.

Have No Opposition  
Democratic candidates who have no opposition for alderman in their respective wards are James J. Flynn, first ward; Byron E. Brune, second ward.

## Longfellow's Life Topic Of Program For Woman's Club

Mrs. Earl Rexroat was hostess to the Literberry Woman's club at a meeting held at the home of Mrs. Alden Rexroat. A potluck dinner was enjoyed by 17 members.

Mrs. Margaret Myers, president, opened the business meeting by having the group sing "America." The pledge to the flag was given in unison, led by Mrs. Elizabeth Lindsey. It was voted to have each member sell a hen before the March meeting and bring the amount of money to reimburse the treasury.

Mrs. Edna Martin was program chairman, her topic being "The Life of Henry Wadsworth Longfellow." Mrs. Frieda Beavers read a poem written by Longfellow entitled "Evangeline." Roll call was answered

with a poem by Longfellow. The club voted to give donations to the March of Dimes and to the Passavant hospital drive. After the meeting a white elephant sale was held.

The meeting adjourned to meet at the home of Mrs. Frieda Beavers with Miss Lora Petefish as hostess. There will be election of officers at this meeting, with Miss Carline McGinnis, Mrs. Leo Barber and Miss Wilma Crum as nominating committee. Mrs. George Martin, Miss Lora Petefish and Mrs. Eulah Standley are the program committee for 1949-1950.

## A. E. WILLIAMSON REPUBLICAN CANDIDATE FOR MAYOR

The operation of the government of Jacksonville is the largest business in the city. Jacksonville having an annual business of almost a million dollars. I believe the job of MAYOR is a FULL TIME JOB. I can and will devote that time for the welfare of the city and all of its people.  
 I will endeavor to improve the dirt streets and attend to the repairing of our pavements. I will at the very earliest date get the loop paving under way and the stumbling blocks out of our sidewalks. Traffic signs should be placed where needed and in plain view to the motorist so there will be no excuse for traffic violations.  
 The police department will be instructed to pay strict attention to speeding in the city limits which endangers the lives of pedestrians and school children.  
 I will cooperate with the health department in trying to have more modern living conditions in many sections of the city. I believe that people are entitled to better water conditions so they will not have to carry drinking water several blocks.  
 The Water and Light Department which you people sponsored will continue to operate to the utmost efficiency.  
 Special attention will be given to our boulevard lights and street lights, to put them in condition so we may have more light along our city streets.  
 I am heartily in favor of an industrial zone and in bringing business to the city to create more jobs for the laboring people, which in turn will help business.  
 We are living in an agricultural community and are dependent on the farmers for a great deal of trade. I fully visualize the present parking problem and hope in some way to provide a parking lot as near the business district as possible.  
 I have spent my entire life around Jacksonville and Morgan County and have always been ready and willing to do my part in all civic and charitable affairs. Most every one knows me. If you don't ask your neighbor, I hope you will go to the polls on Tuesday and vote for a FULL TIME MAYOR. I will appreciate your vote and promise to give you my very best.

## DODGE TO INTRODUCE NEW KIND OF CAR BUILT FOR TODAY'S BIGGER TALLER AMERICANS

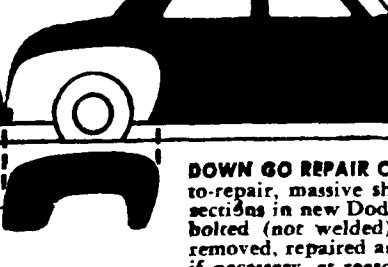

Dodge's New Dodge establishes new trend... provides more head room, elbow room and leg room, at the same time decreasing outside dimensions. Extreme lines, uncomfortable seats and cramped interiors have no place in Dodge thinking.

Army statistics revealed that the G.I.'s of World War II averaged 1 1/2" taller than the Doughboys of World War I. The same statistics showed they were also heavier and more active.

DODGE SAID "NO" TO THIS... repairing dented or torn fenders is sure to be costly when fenders are forced right into great masses of sheet metal. Now look below and see why Dodge owners don't have this worry.

DOWN GO REPAIR COSTS! No costly-to-repair, massive sheet metal fender sections in new Dodge. Fender unit is bolted (not welded) to body; easily removed, repaired and even replaced, if necessary, at reasonable cost.

LOWER ON THE OUTSIDE... Higher on the Inside • SHORTER ON THE OUTSIDE... Longer on the Inside  
NARROWER ON THE OUTSIDE... Wider on the Inside

### 'Gone With The Wind' Still Selling Strong

By HAL BOYL

Allentown, Feb. 21.—(P)—Life has been anything but a breeze for Margaret Mitchell since she completed "Gone With The Wind" thirteen years ago.

Her sensational success first turned her from a quiet Georgia newspaper feature writer into an internationally famous figure.

Since 1936 her book has sold some 8,000,000 copies in 40 countries and 30 different languages. Only the Bible outsells here. And today people of Georgia are much more reconciled to that fact than Peggy herself.

"I didn't start out to be an international lawyer—but I have had to become one," said the plump, blue-eyed creator of Scarlett O'Hare and Rhett Butler.

100,000 Copies Sold Annually

Today her novel is still selling more than 50,000 copies a year in America—and probably an equal number overseas. And that is what keeps Margaret busy. For the duty of checking carefully into foreign sales of her novel has forced her against her will to become a business woman.

These details were handled by her husband, John March, until he was stricken with a heart attack three years ago. He is now recuperating. And for that Margaret Mitchell says she is more grateful than she is for all the fame and fortune her novel has brought her.

As a matter of fact her world renown has changed her not at all. And she is particularly grateful to her friends for not letting her success go either to her head or their heads.

Amused at Visitors' Ideas

"They treat me just as they always did—and that I appreciate," she said.

She is a little amused at out of town visitors who expect to find her in a mansion with tall white columns and staffed with "seventeen Negroes saving, 'Yes, little miss.'"

She lives in a five-room apartment, and her only servant, Bessie, the cook, has been with her family a couple of decades.

Writing a best-seller compelled her to hire a secretary to answer her mail. And she is still awakened occasionally at night by a drunk calling long distance to ask the color of Scarlett's hair.

Patience she gets down her own copy of the novel and reads the passages saying that her heroine had black hair. The reward:

Hasn't Read Her Novel Late

"That costs me fifty bucks," moans the drunk. "I bet Scarlett had red hair. Are you sure she doesn't?"

Margaret is sure—even though she hasn't read her own book all the way through since it was published in 1936. She is still amazed and disconcerted at its success—because she thinks both Scarlett and Rhett are fundamentally immoral people. She dislikes and disapproves of both of them.

"The book is popular now with teen-agers," she said. "But when I was that age my parents wouldn't let me read a book of that character."

Mrs. Marsh—and that's the name she likes best—is financially fixed for life. But she is annoyed over two things: Rumors that she is secretly writing another novel and that "Gone With The Wind" was an off-hand product of her leisure.

**Not Writing Another Book**

"I have a hundred more novels I would like to write," she complained mildly. "But the business details of my first book still take all my time. Nobody believes that—but it is true. I am not writing another book."

"Many people have the idea that I just sat down at a typewriter one day and whipped out my novel. They think writing is that easy."

"Actually I began writing at the age of six years. I worked twelve years on 'Gone With The Wind' and threw away a lot of novels I had written before that."

"I wrote the first chapter 71 times before it was accepted, and once more after that. I would still be re-writing it if they had let me."

"I am a story teller. I am not interested in style. I wanted to write simply—and that takes hard work. But people today aren't interested in work."

Margaret Mitchell still is.

**RED LABOR IDEAS BOOST INDUSTRY**

Moscow.—(P)—The Soviet Union has a system called "Rationalization," which accounts for numerous contributions to science and industry. A rationalization is precisely the same thing as an invention, except that it usually consists of an idea or ideas, based on invention, or inventions, which improves the invention.

"Salient among the reasons that made for an excellent showing in industry last year," said an announcement, "was undoubtedly the spread of the rationalization movement among workers."

According to figures released by the Ministry of the Automobile and Tractor Industry, an average of 30 rationalization proposals, or inventions, were submitted in the course of 1948 per 100 workers and other employees engaged in production in the ministry's plants. A similar situation, it was also announced, prevails in the ship-building industry.

# New low-cost magic for your dream kitchen

**Plan, in this thought:**

When you have your lovely Youngstown Kitchen, you'll be free forever of the garbage pail and all its messiness.

For the Mullinaider electric garbage disposer — Youngstown's newest kitchen magic — grinds away your food scraps before they can accumulate, and whisks them safely down the drain.

And that's only one endearing quality of these gleaming, white-enamelled steel kitchens, made by the leader in the field. There's storage space galore, with everything right where you need it for fixing meals, washing dishes and clearing up. And best of all, there's a low, down-to-earth price, made possible by high-volume production.

Come in and see us!

Planning service. Just call 1721—ask for Mr. Ward. We will furnish you with complete plans for your new kitchen with no cost to you.

## Start your 'garbageless dream kitchen with Kitchenaid-Mullinaider Combination

You don't have to buy your dream kitchen all at once. Start with a Kitchenaid cabinet sink with Mullinaider electric garbage disposer, and add matching base and wall cabinets later.

Think how easy dishwashing will become with the 66" twin-bowl Kitchenaid shown here. Note the generous work-space and storage; sound-deadened doors; handy rinse-spray that reaches all parts of the acid-resisting, porcelain enamel drainboard.

You can get a Big Double Bowl DeLuxe 66 Kitchenaid for only **\$40.65** down.

## M. F. Spaulding, Former Franklin Resident, Dies

Franklin—Malcolm F. Spaulding, a former resident of Franklin, died at 1 a. m. Saturday at a hospital in Bemidji, Minn., where he had been making his home since January of this year. Death followed a short illness.

While residing in Franklin, Mr. Spaulding had engaged in carpentry and farming.

Survivors include his wife, Josephine Hubble Spaulding; three daughters, Jeannette, Joyce and Jo Ann; and two sons, Theodore and David.

Funeral services and burial will take place in Minnesota.

Black widow spiders kill about 50 people in the United States each year, according to the Encyclopedia Britannica.

The willow tree will flourish in almost any type of soil provided it has sufficient water.

## Son Of Mexican War Vet Dies

Jerseyville—Funeral services for Charles Nelson Faulkner, aged resident of this locality, will be held Sunday at 2 p. m. from the Gubeer Funeral Home. The Rev. David P. Maxton will officiate and interment will be in the Grimes cemetery.

Faulkner was born Nov. 14, 1888, in Jersey county, the son of the late William and Edna A. Cooper Faulkner. His father was a veteran of the Mexican war and was with the American forces fighting the battle of Buena Vista.

The grandfather of the deceased was the late Capt. Jonathan E. Cooper who was a soldier in the Blackhawk war and participated in the battles of the Wisconsin and Mississippi. The great-grandfather of the deceased was Jonathan Cooper who served in the American Revolution and is buried in Jersey county.

The deceased is survived by two sons, Glenn of Jerseyville and Ross of Wood River; one brother, William Faulkner of Gillette, Wyo.

## Miss Eleanor Mason Bride Of John Roegge

### Vows Exchanged In Ceremony At Arenzville Church

Trinity Lutheran church at Arenzville was the scene of a pretty wedding Saturday afternoon when Miss Eleanor Mason became the bride of John Roegge.

The bride is the daughter of Mr. and Mrs. Everett Mason, rural route three, Jacksonville. Mr. Roegge's parents are Mr. and Mrs. Edgar Roegge of Arenzville.

The couple pledged their vows in a double-ring ceremony performed at 2:30 o'clock by the pastor, the Rev. W. V. Neuendorf, before an altar banked with palms and flowers, highlighted with a background of glowing tapers.

Organ Selections Played  
Appropriate wedding selections were played by Miss Elizabeth Powell, organist.

Serving as attendants were Miss Frances Swain of Jacksonville and Marian Roegge of Arenzville, cousin of the bridegroom.

The bride was attired in a street-length dress of peacock blue crepe, with which she wore accessories of brown and a corsage of pink carnations.

A gray dress, accented with black accessories and a corsage of white carnations was worn by the maid of honor.

Reception Follows Ceremony  
Following the wedding, a reception was held in the church basement where a tiered wedding cake was cut by the couple. Assisting with the serving were Miss Laura Roegge and Mrs. Benjamin Grote.

The couple then left on a wedding trip. Upon returning they will make their home on a farm, northeast of Jacksonville.

Mrs. Roegge was graduated from Jacksonville High school and is employed as assistant to Dr. Francis Angel.

Her husband, a graduate of Arenzville High school, is engaged in farming. He is a veteran of World War II, having served overseas with the Army Medical Corps.

More than one-third of the accidents each year on American farms occur in the homes.

## YOUR CITY WATER, LIGHT & POWER DEPT.

ERNEST L. HOAGLAND  
Mayor

Superintendent of Operations  
KENNETH K. STAPLETON

Office Manager  
GLADYS HAMILTON

JACKSONVILLE, ILLINOIS

### TO THE CITIZENS OF JACKSONVILLE:

As we near the close of the ninth year of Your Light and Power Department and the nineteenth year of Your modern Water Department, we would like to review the achievements of the combined departments for the past fiscal year.

An addition to your municipal electric generating station was started during the summer of 1948 and will soon be completed. It consists of a 2,000 horsepower Fairbanks-Morse Diesel engine driving a 1400 kilowatt generator with Excitor Cooling Tower and appurtenant equipment. The electrical switchboard was extended by installing two additional generating panels and three distribution panels. The downtown Sub-Station was enlarged and ten new voltage regulators are being installed in the Sub-Station to provide better voltage regulation. During the year new meters were installed for 186 new customers.

Your municipal water filtering and pumping plant was remodeled and enlarged to treat four million gallons of water each day. This is an increase of 2 million a day. A new concrete settling basin, flocculating basin, rapid mixing basin, recarbonating basin, four new filters, extension to the Filter plant building, new water piping and chemical feeder have been completed. 4,900 Lin. feet of new concrete mains were installed. Meters for 98 new customers were installed during the year.

In lighting the city streets 811,955 kilowatts of electric energy was used for the year. Over 150,000 people enjoyed the recreational facilities provided by Lake Jacksonville and Lake Mauvaisterre. Trees and shrubs were planted by the Boy Scouts at Lake Jacksonville. . . fish of various species were placed in both lakes with the help of the State of Illinois. Lake Mauvaisterre was the scene of Motor Boat Races and Fireworks shows.

Your City Water, Light and Power Department maintains one of the lowest electrical rates in the state and has one of the most modern water systems in the state. Both of these utilities are operated solely from water and electric revenue and not from any kind of taxation and are for the benefit of all the people of Jacksonville and Vicinity.

Respectfully submitted,  
Light and Water Committee

## POP Goes the QUEEN

By Bob Wade and Bill Miller

THE STORY: John Henry and Sin Conover, vacationing at a swank resort, witness the death of a mysterious man named Homer Anglin. Later the Conovers' cottage is occupied by Faye Jordan, due to a "reservation mixup" and their luggage is searched when it is moved. The searchers don't find a cipher message in a mechanical pencil which Anglin slipped into John's pocket before he died. John is taken to a gambling ranch by Faye where he is drugged. Meanwhile, Sin found himself in company with Sagmon Robotom, an archaeologist, who frightens her by telling her not to "interfere." Sin breaks away from Robotom and runs to her cottage.

XVIII  
 SIN flung herself across the bed. She was still panting with fright. And exertion.

Their clothes were scattered haphazardly around the bedroom. The two big suitcases yawned toothless on the bed. Sin had locked herself in the cottage and was obeying Sagmon Robotom's warning as quickly as possible. She gathered up an armful of lingerie and hurried it into the empty suitcase.

When she picked up her husband's brown dress shoes, her lip commenced to tremble. Where was John Henry? It wasn't like him to dash off like that without a word unless—Sin's heart thudded faster than ever—unless he had learned something about the murder. Why did he insist on getting mixed up in things that were none of his business?

Sin wrapped the shoes in tissue paper she had saved from the unpacking the night before. Surely nothing could have happened to him in a crowded resort like Azure. Yet he was so dumb some times about the most obvious things.

The shoe wrappings rustled as she laid the package on her stack of slips. She caught herself watching the redwood desk in the outer room—the desk that held the me-

chanical pencil and the cipher. She turned her back defiantly on the telephone. If she started the police looking for John Henry and he was perfectly all right, he'd be angry about all the fuss. Nevertheless...

Sin was still pondering the question perturbedly when she heard a door close softly in the next cottage.

She got up off her knees from atop the suitcase, letting the straps slip free. That was Miss Jordan's cottage next door and if she had come back then John Henry...

Eagerly, she peeked through the slats of the window blind.

IT was not John Henry who had pulled the blue door to gently behind him and paused on the porch of Cottage 15. It was Gayner, his cadaverous face peering cautiously up and down the line of silent cottages. Then he stepped off the porch and started walking quickly down the flagstone path back to the hotel.

Sin opened the front door to her own cottage and stepped outside. Gayner had already vanished around a turn. Without reason, Sin began to run, anxious not to lose sight of him. Gayner was a tangible link between her and the tangled web that might have enmeshed her husband again. The assistant manager certainly was privileged to inspect the cottages whenever he chose—but something furtive in Gayner's manner warned her that this had been no official visit.

Gayner was just going through the glass doors into the Las Dunas lobby when Sin reached the sunken patio. She slowed her pace as she crossed through the gay umbrellas and lolling guests.

Somebody called her name behind her. Sin turned quickly, a hopeful smile beginning on her generous mouth. The smile aborted. It was Sagmon Robotom, his

bronze face stern, sauntering toward her from the pool. Sin whirled and fled. "Mrs. Conover!" Robotom called again.

She rushed up the steps and into the lobby. Gayner had gone past his registration desk without pausing and was now going down the front steps and crossing the driveway. His walk was brisk and purposeful.

"YOU look like you're in a hurry," Thelma Loomis said in her semimauve voice, as the two women dodged around each other at the front entrance.

"Thanks," Sin said automatically and kept going. Mr. Trim was just getting out of the elevator. He looked high as if he were to be beaten. Sin gave him a tight smile and didn't slacken pace. Vernon laboriously forced the glass door open for her.

Gayner's brown-suited back was still in sight through the driveway border of palms and tamarisks. He was about 50 yards in the lead. This had been cut to 25 by the time the assistant manager reached Coachella Street. Sin loitered behind the concealing bole of a palm while Gayner looked up and down the peaceful street. Then he darted across and went hurriedly down the hill toward the center of town.

Near the corner of Cahulla Street, a black coach at the Las Dunas. Gayner sidestepped suddenly and disappeared from sight. Sin's pulse quickened but she made herself amble along in a tourist gait. If Gayner had realized he was being followed, she didn't want to appear suspicious. She could just keep going downtown.

However, Gayner was apparently oblivious of his tracker. When she reached the spot where he'd faded from view, Sin found he'd merely angled sharply into a narrow alley. As she walked past, Gayner was 20 or 30 yards up the alley, opening the back door of one of the buildings.

The place looked familiar and it came to Sin why it should. Homer Anglin had died there. Gayner was letting himself quietly into the Ship of the Desert.

The young ladies of St. John's Lutheran church met with Miss Janice Nortrup. Sewing was done for an orphanage supported by the church. Refreshments were served by the hostess.

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, Feb. 19.—(AP)—Hogs were quoted in a \$18.25 to \$21.75 range today, ending a week of sharp price advances in all livestock and wholesale meat.

Everything joined in the broad gains for the week, but a feature was a jump of \$2.00 to \$3.00 in slaughter steers and heifers. Medium weight and heavy steers, which have been slumping for many weeks, joined in this upturn. Steer and heifer beef gained \$3.00 to \$6.00 in the whole-sale trade.

Hogs advanced sharply on very light receipts in the forepart of the week. Some of the early gain was lost, but final prices were up \$1.00 to \$1.25 from a week ago. Some deterioration in the quality of light weight hogs was noticed. Prices in the sheep section ended around \$1.50 higher on all types.

## Markets at a Glance

New York, Feb. 19.—(AP)—Stocks—Irregular, price changes narrow. Bonds—Easy, changes minor. Cotton—Mixed, liquidation March 1949 delivery. CHICAGO: Wheat—Easy; big acreage expected for 1949 crop. Oats—Easy; lighter demand for cash grain. Soybeans—Easy; May rallied at close. Hogs—Nominally steady. Cattle—Nominally steady.

## New York Stock Market

New York, Feb. 19.—(AP)—The stock market looked a bit droopy today.

There was no decisive downward move but numerous issues sold at fractional losses. At the same time the stock list showed a liberal sprinkling of plus signs.

Business was slow even for a Saturday session, with turnover at the rate of around 250,000 shares for the full session.

The disinterested attitude of traders was a carryover from yesterday. The market seems to be in the middle of a breathing spell while waiting for Congress to act on administration policies.

Virginia-Carolina Chemical took a comparatively wide price swing, dropping 14 to 8 1/2 at one time. The company reported a rather large decline in net profit for the six months ended Dec. 31.

Also lower were Bethlehem Steel, General Motors, Sears Roebuck, General Electric, and Owens-Illinois. Higher prices were paid at times

for Goodyear, Woolworth, United Aircraft, American Telephone and consolidated natural gas.

Corporate bonds moved along lazily. The big dealers in U. S. government issues observed the usual long weekend recess.

## GRAINS SLUMP UNDER CORN'S LEADERSHIP

## SOYBEANS DECLINE

Chicago, Feb. 19.—(AP)—Grains slumped on the Board of Trade today, with corn under selling pressure. The yellow cereal was off a couple of cents at times and showed little rally ability. Soybeans also dropped a few cents under persistent selling and a lack of demand.

Mills bought a little wheat, but this did not give the market much support. After showing some steadiness early, the bread cereal dipped in late dealings. Oats were influenced by other grains as well as a lighter demand for the cash grain.

Chief reason for the slump appeared to be the belief that producers might exceed the Agriculture department's acreage goals, announced overnight.

Wheat closed 1 to 1 1/2 lower, May

# Crimson Cagers Drop 40 To 35 Cage Bout To Kincaid Ponies

## Keglers' Korner

Kincaid — Bob Kraushaar's Jacksonville high school Crimson quintet dropped a narrow 40 to 35 cage bout to the Kincaid Ponies on their floor Saturday night.

The game, originally scheduled for Jan. 28, had been canceled because of bad weather conditions, and Saturday was set for the play-off.

The Crimson started the contest red-hot and netted 10 points in the initial period while holding the Kincaid crew to a big goose-egg in this first frame.

The Ponies came galloping back into the ball game in the second quarter, and proceeded to rack up 15 tallies, while the Kraushaars could add but 6 to their total and maintain a slim 16-15 edge at the intermission.

Jacksonville held on to that single point advantage throughout the third inning, finishing on the long end of a 28 to 27 tally at the end of the third quarter of play.

**Meyer Fouls Out**

Harvey Meyer, who led Crimson scorers with 13 counters, left the encounter via the foul route mid-way through the fourth stanza, and the host quint drove into the lead for the first time during the tussle. Their rally proved effective as they forged into a 5 point edge to take the bout 40 to 35.

The Crimson reserves took top honors in the preliminary fracas by downing the Kincaid seconds 44 to 28.

**Wildcats Upset Ohio State Five In 62-50 Contest**

Chicago, Feb. 19 — (P) — Last-place Northwestern handed favored Ohio State a sharp upset, 62-50, in a Big Ten opener to a Chicago Stadium basketball twin bill witnessed by 10,432 tonight.

Notre Dame and De Paul faced in the finale.

Sparked by a scoring triumvirate of which out-talied the Buckeyes' headlined point-making trio of Dick Schnitker, Bob Donham and Bob Raidiger, the Wildcats broke up a nip-and-tuck duel midway in the second half.

The first half ended in a 25-25 deadlock.

The score was tied 11 times and lead changed hands 11 times before Northwestern staged a surprising spurt which slowly left the Buckeyes behind.

Half way in the final period, the Wildcats nosed in front, 41-36. Ohio State was never able to get back into threatening position.

Ray Ragelis, Northwestern guard, did a great job of checking Schnitker. The sharp-shooting Buckeyes collected only nine points. So did Donham, guarded by Jim Barr and Raidiger who was shadowed by Northwestern's George Maddock.

The Wildcats were paced by Ben Sticklen's 14 points, and 13 each by Maddock and Jake Fendley.

Schnitker collected only two baskets, both in the first half.

The loss gave Ohio State an even break in 10 conference games and was a distinct surprise after the Buckeyes' 68-60 triumph over powerful St. Louis University last Monday night.

The Wildcats, annexing only their second Big Nine win against eight setbacks, matched Ohio's speedy down-the-floor breaks throughout the game. Towards the close, the Wildcats were even out-running the tiring Bucks.

# Minnesota Five Whips Michigan To Crowd Illini In Big Nine Race

## SPORTS ROUNDUP

By Hugh Fullerton, Jr.

New York, Feb. 19 — (P) — Hottest rumor heard lately (and one that's a little hard to believe) is that Adolph Rupp will take his Kentucky squad to Cincinnati next season to play in the Basketball association of America. What makes this seem possible is that the Wildcats stars now are seniors; that Cincinnati, with a brand new arena, is a natural spot for a B.A.A. team; and that some of the coaches already in the league think they haven't a chance to land Wab Jones, Alex Groza, Ralph Beard and Co. otherwise the bidding would be terrific because Kentucky doesn't come in any club's territory.

Under the B.A.A. system of "territorial rights," each club has first call on any player within a 40-mile radius of its home city. And that accounts for the best of the "big inside men" that most of the eastern teams need. Already started.

At a track meet at West Point last week, starter Jack LaVelle had to disqualify one sprinter in a three-man heat (two to qualify) because of false starts... a kid from Harvard immediately put up an argument that, since he couldn't fail to qualify, he didn't need to run. LaVelle insisted it was necessary even if he only jogged, and that's what the boy did. As the athlete returned to the starting line, LaVelle sagely advised him: "Son, you'd better get into that Harvard law school without wasting any time. You're prepared."

Chandlerville — The Havana Ducks handed the local Comet preppers a 59 to 50 hardwood set-back here Saturday night.

Duke Register, Havana guard was tops offensively in the encounter, garnering an even 20 points. Aney, with 13 counters, led the local gang. The Havana subs made it a clean sweep in the preliminary by taking a 38 to 20 decision from Chandlerville seconds.

# Tigers Romp To Easy Win Over Missouri Deaf

Fulton — Spike Wilson's I.S.D. quintet made a clean sweep of their month long elimination grind that will wind up March 19 with crowning of the 1949 Illinois High School Basketball champion begins Monday.

That's when the vanguard of 310 small schools competing in 45 district tournaments launch little showdown play. Competition at most centers gets underway Tuesday, and at a few on Wednesday or Thursday.

The 49 winners and the runnerup at St. Francisville advance into 60 regional meets Feb. 28-March 4, joining 430 larger entries excused from the initial round of eliminations.

Usually, few district survivors still are on hand for the next hurdle, 15 downstate sectionals set March 9-11 this year. The sectional titlists automatically gain berths alongside the Chicago public school champion in the 16 team state finals March 16-19 at Champaign.

A year ago, two district contenders carried flag bids into the sectionals, and neither got any farther. They were Livingston, a Madison county outfit which alone made the grade in 1947, and Forrest, Livingston.

**Illini Track Team Edges Michigan, Purdue In Meet**

Champaign, Feb. 19 — (P) — The University of Illinois indoor track team edged out Michigan and Purdue today in one of the closest triangular meets ever held in the armory.

Illinois scored 481 points followed closely by Michigan with 461.3 and Purdue with 441.6.

The Illini captured only three firsts and one tie for first. Michigan won four events and tied another. Purdue took four races. Illinois remains undefeated in indoor competition and Michigan suffered its first defeat.

The Illini clinched the meet by gaining seven points in each the mile run and the shotput and picking up eight in the two mile race. Michigan was able to dominate only the 70 yard hurdles while Purdue, the surprise team of the meet, scored heavily in the 440 yard dash, the 60 yard dash and the mile relay.

Herb Barten, Michigan's defending conference mile and a half mile champ, competed in one race—the 880 yard run—winning easily in 1:56.6. Michigan's Jerry Mitchell, a sophomore, winning both hurdle events, was the meet's only double victor.

**King Leads College Scoers For Fifth Straight Week**

New York, Feb. 19 — (P) — For the fifth straight week George King of Morris Harvey continues to dominate the individual basketball scoring leadership among the nation's smaller schools.

Figures released today by the National Collegiate Athletic Bureau show King with an average of 27.9 for games played through Feb. 12.

In 18 games the West Virginia forward has scored 502 points.

Marv Johnson, Wheaton, Ill., is sixth with an average of 22.6 for 21 games. Johnson is third in field goal percentage with 210 buckets of 423 attempts for .496.

MISS MELBA POTTER

Mr. and Mrs. H. Yates Potter, rural route one, Jacksonville, announce the engagement and approaching marriage of their daughter, Melba Corinne, to Peter W. Palmer of Webster, N. Y.

Miss Potter, who attended MacMurray College, is a senior at the Eastman School of Music in Rochester, N. Y., majoring in organ. She is president of the Student Christian Fellowship of the Eastman school and organist of the Protestant chapel of the University of Rochester. She is a member of Mu Phi Epsilon National Music sorority.

Her fiancé is the son of Mr. and Mrs. C. K. Carlson, Charleswood Estate, Webster, N. Y. He is a graduate of the Loomis school in Windsor, Conn., and is attending the University of Rochester where he is majoring in business administration.

## Seniors Schedule Hilarious Comedy For Annual Play

"Our Hearts Were Young and Gay," famous comedy by Emily Kimbrough and Cornelia Otis Skinner, will be produced by the senior class of Jacksonville high school on March 24-25 in the high school auditorium. Miss Ferguson Gordin is directing the play. She is assisted by Miss Mabel Ruyle, the class adviser. The cast includes George Fox, Jerrie Wood, Mary Elledge, Mary Helen Potter, John Wendorff, Florence Ritchie, Ed Bonacorsi, Fr. Dording, Doris Luter, Elaine Irlam, Bob Carpenter, Betty Lou Walker, Mary Ann Gibbs, Alice Paset, Jacques Konub, Howard Gutekunst, Charlotte Dietz.

The committees are as follows: Stage, Ed Horton; prompter, Barb Davidsmeier.

## Mayor's Salary Is \$2,000; All Have Held Other Jobs

The present salary of the Mayor of Jacksonville is \$2,000 annually. There is no extra pay for the mayor as chairman of the Board of Local Improvements or as Liquor Commissioner. The mayor has no expense account for personal expenses incurred on the job.

Jacksonville has an aldermanic government. The mayor is not a City Manager as in some cities under a different form of municipal government.

The mayor's salary will not be increased, although the city clerk and city treasurer will each receive \$3,000 per year under the provisions of a recent ordinance.

The mayor's salary has never been considered commensurate with full time employment, and all of our mayors since the adoption of our aldermanic system have held other jobs.

## One Act Play By Meredosia Cast Wins Contest

A one act play contest was held in the gymnasium of the Franklin High school on Wednesday, February 16, at 8 p.m. Schools participating were the Waverly, Meredosia, and Franklin high schools.

Waverly presented "A Date for Bobby Sox," written by Donald Payton, and directed by Miss Norma Banker, assisted by Miss Norma Brown.

The Franklin entry was "The Case of the Crushed Petunia," by Tennessee Williams, directed by Miss Margaret Triplett. Meredosia presented "A New School for Wives," by John Kirkpatrick, directed by Miss Elizabeth Loneragan.

The plays were judged by Otis Aggert, speech instructor at Lanphier High School, Springfield. First place was awarded to the Meredosia entry. After the judge's decision was announced, Miss Loneragan, director of the winning entry, accepted for the Meredosia High school a beautiful bronze trophy presented by Superintendent Harry L. Fitzhugh of the Franklin Unit.

Harry A. Hammett, Crit Haneline, Dr. Robert R. Hartman, Chester A. Hemphill, Carroll T. Hughes, Louis Katz, Robert J. Kaufmann, Harrison W. King, E. L. Kinney, Edgar J. Korsmeyer, W. H. Kurtz, Dr. C. P. McClelland.

## Springfield Home Adviser Addresses New Berlin Unit

New Berlin—Miss Brya, assistant home adviser at Springfield, was a guest at the Tuesday meeting of the New Berlin Home Bureau unit at the home of the leader, Mrs. Grace Bergschneider.

Miss Brya gave the afternoon lesson on "Window Treatments." Refreshments were served.

Miss Helen McGinnis was hostess to the Nu Beta club recently for a dessert bridge party. Prizes were won by Mrs. Esta Brehm, Miss Catherine Stapleton, Mrs. Harriett Dunlap and Mrs. Margaret White.

Mr. and Mrs. Stewart Baker left Thursday for Texas, where they will make their home. Their residence was bought by Mr. and Mrs. Ray Smith. Mrs. Baker spent Saturday and Sunday in St. Louis, being called there by the death of her father.

Mrs. Maude Long, Sue Vincent and Norvell Rolling of St. Louis were weekend visitors with Mr. and Mrs. George Bergschneider.

The W.S.C.S. society of the Methodist church met Thursday with Mrs. Ethel Tanklesley.

The Men's Civic club will hold its first annual banquet Thursday evening, Feb. 24, at the New Berlin high school. A. T. Anderson, rural sociologist of the University of Illinois will be the guest speaker.

## Edna Shanahan, John Bell Speak Vows At Staunton

Miss Edna Shanahan, daughter of Mr. and Mrs. Edward Shanahan of Jacksonville, and John W. Bell, son of Mr. and Mrs. Arthur Bell of Chandlerville, were united in marriage Saturday morning in the rectory of St. Michael's church in Staunton. The double ring ceremony was performed by the Rev. Father Thomas Connolly, cousin of the bride.

The couple were attended by Mrs. Stanley Fernandes, and the bride's cousin, and Morris Bell, brother of the groom.

For her wedding the bride chose a suit of white wool gabardine, with navy accessories and an orchid corsage. Her only jewelry, a four strand pearl necklace, was a gift of the groom. Mrs. Fernandes was attired in a similar suit of beige. She wore blue accessories and a corsage of gardenias and roses.

A reception for the immediate family was held at the Stratford hotel, after which Mr. and Mrs. Bell left for a wedding trip through the Southern states. On their return they will reside in Mason City, where Mr. Bell is employed as manager of the Farmer Grain company.

## Virginia Church To Be Rededicated At Special Service

Virginia—Virginia's Presbyterian church will hold special rededication services at the newly-repaired and redecorated church Sunday, February 27. The formal service will be at 10:30 a.m., with former ministers of the church in attendance.

Parson W. S. Neely, of Canon City, Colorado, a former pastor, will deliver the principle sermon. Special music will include a solo by Richard Mills of Jacksonville and music by Virginia's Male Quartet.

On the afternoon of the same day, a guest organist will present a recital. The organ has recently been rebuilt, with the addition of chimes. The recital will be followed by a tea in the church dining room for all in attendance.

On Wednesday, Feb. 23, at 6:30 p.m. a fellowship potluck dinner will be held, with Dr. Malcolm Stewart of Jacksonville, as guest speaker.

## Almost, But Not Quite!

Those trick pictures of servicemen holding up the famous Tower of Pisa have been seen by practically everybody. A couple of weeks ago the Navy inserted large advertisements in many newspapers, lauding the travel possibilities of navy duty. The advertisement was illustrated with a picture of a globe.

Merle E. Dewese of Jacksonville believes a 34th Division buddy of his originated the idea. The photo above shows one of the seven failures exposed before the exact position was found. Dewese is the subject.

At any rate, the successful photograph aroused a lot of enthusiasm around the rest camp in Florence in August, 1944. It won a print salon.

## Members Of Local SPEBSQSA Unit To Attend Show

A chartered bus will leave Jacksonville at 9 a.m. Sunday bound for Bloomington where a program of barber shop quartet singing will be presented by the Cornbelt chorus.

The Jacksonville delegation will be comprised of about 40 members of the local chapter of S.P.E.B.S.Q.S.A. Quartets to be featured on the program, which will be held at 2 p.m. in the Consistory temple at Bloomington.

These articles were sent to the Veterans Administration hospital, Hines, Ill., Veterans Administration hospital, Fort Logan, Colo., and the American Red Cross storehouse, St. Louis, to be sent to military hospitals.

The Knitting Nook this year has been in charge of Mrs. Frederick Causey assisted by Mrs. Alpha B. Applebee. Twenty ladies who are very fine knitters made from one to five of these cardigan sweaters according to the specifications of the National Red Cross. This completes the quota designated by national headquarters for the local chapter.

Scraps of yarn left are now being made into beanies and will be sent to the military hospitals as soon as completed.

## Student Recital Monday Evening

A group of pupils of Mrs. Elizabeth Blackburn Martin, Mrs. Mildred Isles and Miss Myrtle Larimore will present a recital Monday evening, Feb. 21, in Music Hall at MacMurray College. The public is cordially invited to attend the program, which will begin at 8 p.m.

## Morgan Historical Society To Hold Essay Contest

The Morgan County Historical society, in order to stimulate interest in the history of this part of our country, is offering prizes for the best papers of local historic interest by high school students and seventh and eighth grade students of Morgan County. Such a contest was held last year in the Jacksonville schools; this year it has been decided to include the schools throughout the county.

A first prize of \$5 and a second prize of \$2.50 is offered for papers submitted by high school students, and similar prizes for the two best papers submitted by seventh or eighth grade students.

Topics should be of historic interest for Jacksonville or Morgan County. Subjects suggested for former contests have been on such matters as the schools of Morgan county and of those in Jacksonville, railroads of Morgan county, writers of Morgan county, Indians, children of the pioneers, the Underground Railroad towns in Morgan county, pioneer rural churches, the Portuguese immigration, the Gotha family and the hat industry, Dr. David Prince diaries in Old Morgan county, and famous people in the county. These topics are merely suggestive.

For this particular contest, it has been decided to accept papers of either early or recent local historical interest.

No rules have been made concerning the length of the papers, other than that they should cover the subject adequately. References should be given concerning the source of the material used.

Topics should be registered as soon as possible with the secretary, Miss Fidelia Abbott, 216 West College avenue, Jacksonville. Teachers or principals are asked to assist pupils in sending the titles to Miss Abbott. All papers should be submitted to the secretary by April 5, 1949. Papers submitted should be marked with a fictitious name and should indicate whether from high school or grade school pupils. A sealed envelope should be attached to the paper bearing the same fictitious name and address of the contestant.

The society reserves the right to withdraw the offer of prizes if, in the opinion of the judges, no papers of sufficient merit are submitted.

Those from here attending the wedding were: Mr. and Mrs. Ben Kirbach, Vincent, Albert and Robert Kirbach, Miss Glenna Morrow, and Mrs. James E. Clark and daughter, Patty.

Supt. H. R. Girhard, Coach Don Luketich, Robert Becker, Junior Shields, Henry Longmeyer and son, Ralph, and A. T. Martin of Delevan, Ill., attended the St. Louis University basketball victory over Notre Dame in St. Louis Saturday night.

Mrs. H. R. Girhard and her sister, Mrs. A. T. Martin of Delevan, Ill., left Saturday for Tucson, Ariz., where they will visit at the home of their brother, Mr. and Mrs. Max Money and family.

Mr. and Mrs. M. D. Roth recently entertained his mother, Mrs. Henry C. Roth, and his brother-in-laws and sisters, Mr. and Mrs. Dale Allyn and daughter, Gale Rae Hendrix, of St. Louis, and Mr. and Mrs. Carl Marsh and daughters, Janice and Carol of Alton.

Charles E. Burroughs is recuperating from an operation performed at the Boyd Memorial hospital in Carrollton.

James Dalton has returned to his studies at Purdue University, Lafayette, Ind., after a between semesters vacation visit here with his parents, Mr. and Mrs. Richard Dalton. He was accompanied by William Schlegel, Brooklyn, N. Y., a school friend.

Mrs. J. R. Shields has returned home after a visit at the home of her brother, Ray Fair and family in East Alton.
